PHILIPS

Vacuum cleaner with bag
2200 W 500W suction power, HEPA 13 filter

Highlights

Powerful cleaning

Highly efficient 2200 Watt motor generates max. 500 Watt suction power for perfect cleaning results.

TriActive nozzle

The TriActive nozzle applies 3 cleaning actions in one go: 1) It gently opens the carpet with its specially designed soleplate to remove the dust deep down. 2) It sucks up big bits with its larger opening at the front. 3) It sweeps up the dust and dirt alongside furniture and walls with its two side brushes.

Long 10-meter reach

With a reach of 10 meters from plug to nozzle, it keeps you cleaning longer without unplugging.

Large 4-liter capacity

The large-capacity dust chamber handles a full 4 liters before the bag needs changing.

HEPA13 filter

Our HEPA13 filter system captures 99.9% of fine dust – including pollen, pet hair and dust mites – for allergy sufferers and anyone demanding a higher level of hygiene. Certified allergy friendly by ECARF.

Easy s-bag

S-bags last up to 50% longer and maintain the full suction power of your vacuum cleaner right up to the moment it's full. One bag fits all models, with a sealing mechanism for tidy disposal.
